Smartest Renovations to Increase Home Value

- **These potential renovations have been identified as the most cost efficient and affective renovations that would boost the value of 603 Johnston Terrace**
 - **Adding a third bedroom, modernizing bathrooms, repainting bedrooms and living space, new lighting fixtures, retouching and finishing hardware.**

Adding a Third Bedroom

- Cost: \$17,500
- Reasoning: A third bedroom is the only difference between 603 Johnston and most nearby comparable properties. Adding one makes this home directly comparable, unlocking full resale potential.
 - The large 12 x 16 office/loft space located on the second floor makes it possible to split the room in half to create the third bedroom as well as still having an office space.
- The \$17,500 bedroom addition is allocated as followed
 - \$4,000- Framing and Wall Construction
 - \$2,500- Closet Installation
 - \$1,500- Door Installation
 - \$4,000- HVAC + Electrical Work
 - \$1,000- Painting
 - \$3,000- Flooring Integration + Baseboard Finishing

Modernizing Bathrooms

- Cost: \$25,000
- Reasoning: Adding a walk-in shower to one of the ½ bathrooms, and repainting/adding new amenities to both is essential for increasing home value.
 - The full bathroom is recently re-done and requires no renovations.
- The \$25,000 bathroom renovations are allocated as followed
 - \$7,000- New Modern Vanities, Toilets, and One mirror,
 - \$11,000- Build Walk-In Shower in One Half Bathroom; includes shower pan, plumbing for drain and hot/cold water lines, tile-ready waterproofing, frameless glass enclosure, and labor costs
 - \$7,000- New Tile (Floor + Shower Tile in new full Bath)

Repainting Bedrooms and Living Space

- Cost: \$5,000
- Reasoning: Bedrooms, Bathrooms and basement/ground floor must be repainted.
- The \$5,000 painting funds are allocated as follows
 - \$1,800- Bedrooms
 - \$600- Bathrooms
 - \$1,800- Ground Floor
 - \$800- Living Room

Installing New Light Fixtures

- Cost: \$7,500
- Reasoning: New lighting and modern fixtures make the home feel brighter, newer, and modernized, leading to an increase in value.
- The \$7,500 lighting renovation is allocated as followed
 - \$4,000- Recessed LED lights in the living room, hallway, and kitchen for
 - \$1,500- Replacing all ceiling fixtures in the bedrooms and bathrooms for
 - \$2,000- Updating switches, dimmers, and rewiring

Hardware and Finishing

- Cost: \$15,000
- Reasoning: Hardware and Finishing upgrades improve the details most buyers notice- floors, hardware, trim, and doors.
 - The \$15,000 hardware and finishing budget at 603 Johnston Terrace is allocated as follows:
 - \$1,500- for new interior door handles and hinges
 - \$1,000- for a new front door
 - \$3,000–\$4,000 for refreshing or replacing baseboards
 - \$8,000–\$9,000 refinishing the hardwood floors with premium stain and finish
 - \$500–\$1,000 patchwork, and final touch-ups

Cost Summary of Renovations

Renovation	Budget	Notes
1. Bathroom Modernization	\$25,000	2 half baths fully redone Stand up shower in larger half bath
2. Lighting & Fixtures	\$7,500	Recessed + updated ceiling lights
3. Convert Loft to 3rd Bedroom	\$17,500	Higher-end closet, upgraded door, new finishes, extra HVAC/electrical work, building wall
4. Interior Repainting	\$5,000	Covers all bedrooms and the loft space
5. Hardware & Finish Touchups	\$15,000	Floor refinishing, trim, doorknobs, new front door

Summary

- 603 Johnston Terrace presents a rare opportunity to acquire a significantly undervalued property in a strong and at times overpriced Staten Island market. A focused \$70,000 renovation plan including bathroom modernization, a third bedroom addition, and key home upgrades combined with reliable comps, the property is positioned for immediate equity creation. Backed by this structured RTL loan aligning with conservative LTV thresholds, this deal offers an extremely compelling sense of potential.
